KIWANIS CLUB OF PORTSMOUTH PROJECT PLAYGROUND

Our Kiwanis Club along with the City of Portsmouth has decided that Tracy Park, although beautiful; lacks a nice playground. As a group whose goal is to enrich the lives of children, we feel the addition of a nice playground would greatly benefit countless children in our area.

We have set a goal to raise \$50,000 for equipment. The construction will be completed by our members and community volunteers who wish to participate. Some of our club activities to raise these funds are: A Chili Cook-off, Silent Auction, Peanut Sales, Restaurant Sponsored Nights, Cash Raffle, Gospel Concert and Auction at Tracy Park. Even with everything we are doing, we will still need the help of local businesses and individuals to reach our goal.

We recognize that these are challenging times but also that the help of many makes the lifting light. Help us encourage and support our young families with a nice playground addition to Tracy Park.

Please consider making a Tax-Deductible Donation to make this dream a reality.
